

the *best*
are green.

Support your local Certified Green Businesses

Look for the Green Business Logo in shop windows.

The Monterey Bay Area Green Business Program certifies businesses that go **above and beyond** regulatory requirements by preventing pollution and conserving natural resources. The businesses listed below have voluntarily reduced water consumption, retrofitted lights and other electrical modifications to reduce energy consumption, reduced solid waste by recycling and minimizing waste, and have gone above and beyond regulatory requirements by implementing pollution prevention practices in their operation. The certification process involves a series of rigorous audits by environmental and conservation experts to come up with the **best available technology to prevent pollution** and **conserve natural resources**. Certified businesses have invested time, effort and financial resources to ensure that they meet the criteria for certification. These businesses are the **industry front-runners that meet and exceed exceptional environmental standards**.
