NOTICE AND AGENDA

# MANAGEMENT COMMITTEE for the MONTEREY REGIONAL STORMWATER MANAGEMENT PROGRAM

DATE: June 24, 2026
TIME: 9:30 a.m.
LOCATION: Monterey One Water Conference Room, 5 Harris Court, Building D, Monterey CA

THIS HYBRID MEETING WILL BE HELD BOTH IN-PERSON AND VIRTUALLY

To join the Zoom Webinar Meeting, click on this link:

https://us02web.zoom.us/j/85759892580?pwd=sBdrTsMPcA9cjDgD9YSesa7bkHzBaO.1

or copy and paste the link into your browser. If your computer does not have audio, you will need to join the meeting via phone. To participate telephonically, you can call the number below and enter the webinar ID number and password when prompted:

(669) 900-9128 | Webinar ID: 857 5989 2580 | Passcode: 332743

PUBLIC COMMENTS: If you are unable to participate via telephone or webinar, you may submit your comments by e-mailing them to MontereySEA@my1water.org with one of the following subject lines: "PUBLIC COMMENT ITEM #" (insert the item number relevant to your comment) or "PUBLIC COMMENT – NON-AGENDA ITEM". Comments must be received by 12:00 p.m. on Tuesday, June 23, 2026. All submitted comments will be provided to the Committee, may be read into the record, and will be compiled as part of the public record.

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Program Administrator at (831) 645-4635 or by email at MontereySEA@my1water.org. Notification 30 hours prior to the meeting will enable the Committee to make reasonable arrangements to ensure accessibility to this meeting. Later requests will be accommodated to the extent feasible.

Officers: Chairperson: Kevin Anderson, City of Monterey
Vice-Chairperson: Patrick Grogan, City of Seaside

Participating Entities: City of Carmel-by-the-Sea, City of Del Rey Oaks, City of Monterey, City of Pacific Grove, City of Sand City, City of Seaside, County of Monterey

Coordinating Entities: Pebble Beach Company

# Monterey Regional Stormwater Management Program

Management Committee

## MEETING MINUTES for May 27, 2026

---

**AGENDA ITEMS**

1. **Call to Order / Roll Call**
   Chairperson Anderson (*City of Monterey*) called the meeting to order at 9:30 a.m. and performed the roll call.

**Management Committee Members:**
City of Carmel-by-the-Sea – Mary Bilse
City of Del Rey Oaks – Ron Fucci
City of Monterey – Kevin Anderson
City of Pacific Grove – George Fuerst
City of Sand City – Leon Gomez (arrived at 9:38 am)
City of Seaside – Patrick Grogan
County of Monterey – Michael Trapani

**Program Administrator**
Erica Parker (Monterey One Water, M1W)
Michelle Bumgardner (M1W)

**Other Virtual:**
Rebecca Baggott (City of Monterey)
Samantha Cho (CSG Consultants)
Diane Goldman (Pebble Beach Company)
Karl Kreutzer (City of Monterey)

**Other In Person:**
Jakki Castorena-Davila (Environmental Innovations, EI)
Amy Colony (City of Pacific Grove)
Lacey Raak (EI)
Maria Rocha (EI)

2. **Public Comments**

   Chairperson Anderson called for public comment, none received.

3. **Approve Management Committee Meeting Minutes for 04/22/26**

   ***Action*:** On a motion by Fucci *(City of Del Rey Oaks)*, seconded by Bilse *(City of Carmel-by-the-Sea)*, the Management Committee (MC) approved the MC Meeting Minutes for 04/22/26. Anderson called for public comment before the vote; none received.

   **Ayes:** Anderson, Bilse, Fucci, Fuerst, Grogan, Trapani
   **Noes:** None
   **Absent:** Gomez

**INFORMATION AND DISCUSSION ITEMS**

4. **PE/PO Program Monthly Update**

   Raak *(EI)* reviewed outreach efforts conducted during April – a month full of public events where staff initiated live posting on social media to encourage the community to come visit the MRSWMP table. Storm drain labeling with volunteers occurred in April and May. She offered more outreach materials printing for MC Members. Parker (M1W) shared a request from the City of Salinas to use these updated materials for their community outreach; the MC agreed that they would like to

provide this regional resource, asking only that MRSWMP be credited on the materials. Trapani *(County of Monterey)* inquired if all the handouts are provided to the public at events, and Raak clarified that not all are offered at events as several are highly specific to industries.

- Follow-up action: Parker will create and share a survey for MC Members to request printed outreach materials.

Raak reviewed regional television advertising campaign progress as well as bilingual radio ads and YouTube advertising. EI will assess survey feedback from community members, ad cost, and reach statistics to provide recommendations for maximizing future ad campaign expenditures. Additional suggestions from public input will be forthcoming to help inform educational outreach and meet people where they are. MC Members requested clarification on which elements of the PE/PO project tracker specifically are permit requirements versus Program practices.

- Follow-up action: Bumgardner will provide detail on PE/PO permit requirements to the MC.

**5. 2026 Committee Meeting Calendar**

Bumgardner reminded the MC of the June 11, 2026, webinar on post-construction requirements by Valerie Huff. Planning for the September Storm Water Awareness Week hybrid training is under way; because the September MRSWMP MC meeting conflicts with Verux's availability, Program Admin Support Staff are interested in shifting the regularly scheduled MC meeting to the following week. MC Members expressed support for this proposal.

- Follow-up action: Staff will add this suggested change as an action item for the June 2026 MC meeting agenda.

Bumgardner continues to work on an Integrated Pest Management training in coordination with EI.

Parker shared that registration is open for the annual CASQA conference that will be held in Sacramento this year.

**6. California Stormwater Cost Reporting Tool**

Parker gave an update on the upcoming cost reporting requirements from the State Water Resources Control Board (SWRCB). Data collection on costs needed to implement MS4 permits will be mandated to begin July 1, 2026, and included in the fiscal/permit year 2026-27 annual reports. However, the SWRCB has not released their final cost reporting guidelines, 13383 letters, nor reporting tool. CASQA has been working closely with SWRCB staff to develop their own cost reporting manual and tool that are intended to mirror the State's format. Once the SWRCB publishes the final tool and guidance, CASQA may need to adjust their resources to match. Data will be recorded for the State in a portal distinct from the existing SMARTS system. Parker reviewed CASQA tools available to MC Members and highlighted spreadsheet tabs that are formatted to export easily into PDF documents for annual report submittal. Careful documentation of assumptions made and calculations used to determine values is encouraged to ensure consistency through the years. Program Admin Support Staff will provide documentation of expenses as a part of the twice-annual invoicing but are happy to give data more frequently at the request of MC Members. Members discussed strategies to facilitate documentation of Program expenditures internally.

- Follow-up action: Parker will ensure documentation provided to MC Members on Program expenditures align with final State categories.

**ADMINISTRATIVE REPORTS**

**7. Program Administrator Update**

a. CASQA Meetings Summary

DRAFT

Parker reported on the CASQA Funding Subcommittee discussion regarding successful messaging to support stormwater utility fee acceptance by the public.

The Monterey Peninsula Integrated Regional Watershed Management (IRWM) group met on May 14 to discuss associated Proposition 4 funding for watershed resilience versus IRWM allocations.

- Follow-up action: Parker will send the PowerPoint from the May 14 IRWM meeting to MC Members.

During the May 20 CASQA Phase II Subcommittee meeting, it was confirmed that the formal draft of the new MS4 permit will be released by the SWRCB on July 2, 2026, with a 60 day public comment period.

- Follow-up action: Parker will provide the draft permit when it is published and begin analysis of changes it contains, bringing it to the MC for input on whether there is interest in submitting comments to the SWRCB.

b. State Legislative Briefing

Parker reported on the State legislative calendar, including the June 15 deadline to pass the budget and cutoffs for bills to move forward. She also explained that Proposition 1 (2014) funding that was set aside for administrative costs has not been spent by the State, and there is a budget change proposal before the Legislature to open additional grant opportunities associated with Prop 1 priorities. Anderson shared that grant requirements for Prop 1 were straightforward to meet compliance.

- Follow-up action: Parker will send a breakdown of grant categories that will be receiving additional funds from Prop 1.

c. Proposition 4

Parker summarized the Prop 4 workshop hosted by the State on April 30, like allocations for watershed resilience, sustainable groundwater management, and technical assistance, as well as changes established for program authorities included in Prop 4 language. Changes include the ability to obtain a 25% advance payment to initiate projects, indirect costs as an eligible expense, and new definitions for disadvantaged communities (DACs) and vulnerable populations. These definitions expand program eligibility to allow additional regions to qualify. Watershed resilience draft guidelines will be published in Fall 2026 and applications opening in early 2027

- Follow-up action: Parker will share new mapping tools developed by the State to use for evaluating regional characteristics to support applications for Prop 4 funding.
- Follow-up action: Parker will monitor the release of the different Prop 4 program funding guidelines and provide them to the MC as they are published.

## 8. Management Committee Member Updates

a. City of Carmel-by-the-Sea: Bilse explained that the cleaning of their CDS units were completed this month, and a significant amount of debris was removed.

b. City of Del Rey Oaks: No report.

c. City of Monterey: Anderson stated that the stormwater utility fee protest vote happened in May and ballots are being collected now. His team is working on the annual report for their storm drain maintenance plan. Lake El Estero Project permitting is moving forward, with only one permit outstanding at this point. The Olivier Diversion Project has a mitigated negative declaration on the initial environmental study that the City is reviewing.

d. City of Pacific Grove: Fuerst thanked EI for their storm drain labeling event and for their help in identifying and reporting an illicit discharge by a food truck vendor at the Good Old Days event. The vendor is barred from all future events hosted by the Pacific Grove Chamber of Commerce.

e. City of Sand City: Gomez shared that the City has a new code enforcement staff member.

f. City of Seaside: Grogan reported that they have a new Public Works Superintendent who has dived into sewer and stormwater operations.

g. County of Monterey: Trapani described the County's street sweeping efforts and the support they receive from the California Highway Patrol that allowed them to access more curb miles in the Pajaro area.

## SCHEDULE NEXT MEETING / ADJOURNMENT

### 9. Schedule Next Meeting

The next MC Meeting is scheduled for Wednesday, June 24, 2026, at 9:30 a.m.

### 10. Meeting Adjournment

The meeting was adjourned at 10:56 a.m.

ENVIRONMENTAL INNOVATIONS

# Progress on Community Outreach Metrics and Goals

| Metric | Progress | Minimum Goal | Actual Achieved |
|---|---|---|---|
| BMP materials distributed to at least 6 City/County office locations | **100%** | 6 | 6 |
| Participate in 5 events (at least 7 days total) - large events with stormwater model, surveys, brochures used | **100%** | 7 | 7 |
| Reach 1,500 people during community events | **241%** | 1,500 | 3615 |
| Distribute 1,300 informational items | **240%** | 1,300 | 3122 |
| Number of surveys distributed at events to gauge public awareness | 74% | 350 | 259 |
| Host or co-host workshops (pollutants of concern, Low Impact Design, stormwater friendly gardening techniques) | **100%** | 2 | 2 |
| 2 workshops reaching 45 people | 38% | 45 | 17 |
| Restock and upkeep existing hotel partners with brochures and posters, add new hotels to educate visitors | **100%** | 1 | 1 |
| Locations of OWOW materials displayed | **100%** | 24 | 24 |
| Home improvement stores receiving materials | **125%** | 4 | 5 |
| Garden and landscaping stores receiving materials | **100%** | 4 | 4 |
| Auto supply stores receiving materials | **100%** | 4 | 4 |
| City/County offices | **100%** | 6 | 6 |
| Auto repair facilities receiving materials | **133%** | 3 | 4 |
| Number of in-store trainings | 50% | 2 | 1 |
| Number of "partner events" (and participants by event) | **100%** | 5 | 5 |
| Number of volunteers | 92% | 50 | 46 |
| Number of volunteer hours | **107%** | 100 | 106.5 |
| Number of storm drain stencil locations visited and updated | 77% | 150 | 116 |

# Progress on Community Outreach Metrics and Goals

Community Events in May:

- Good Old Days - 263 people

May Emblem Labeling Volunteer Event - downtown Pacific Grove

- 4 volunteers and 39 emblems installed/replaced
- Installation and removal kits made process quick!

Emblem Labeling Volunteer Day

Good Old Days

# Progress on Community Outreach Metrics and Goals
